

EFFICIENT AND ENERGY
SAVING

EFFICIENT AND ENERGY SAVING CLEANING PERFORMANCE

- with magnetic attraction!

Nilfisk VP600 is the efficient and advanced choice for cleaning professionals and contractors to enable cost effective cleaning of hotels, restaurants, offices and other institutions.

The VP600 offers a wide range of features to choose from enabling the user to select the exact model to suit the specific cleaning task. Choose the cord solution that suits the application to reduce cleaning time and improve cleaning efficiency. Great user benefits and clever design offers the user exactly what they will expect from a Nilfisk vacuum cleaner.

- 350/800 w fan unit with A rated Energy Labelling
- Power boost function for optimal power consumption and cleaning performance
- HEPA exhaust filter as standard
- New magnetic hinges close the dust compartment, eliminating a traditional wear part and securing high reliability and ease of use
- Available with detachable cord or cord rewind
- Best in class sound quality

The modular design not only offers the flexibility to choose exactly the cord design to fit the application but it also makes the machine easy to maintain and service for years to come. When a cord is worn out or damaged, it can easily be replaced by a new cord module in no time, giving a machine that need never be out of service.

The modular VP600 allows flexibility to choose exactly what cord you require : choose between detachable or cord rewind

User friendly and easy to reach accessories

HEPA H13 exhaust filter is standard on all VP600 models

Magnetic hinges ensure high reliability

YOU EXPECT IT, WE DELIVER IT!

With the highly efficient energy saving fan unit, the sound level is tough to beat! This will enable cost-effective daytime cleaning in noise sensitive areas without disturbing customers in your shop, guests in your hotel or staff in the office.

TECHNICAL SPECIFICATIONS

Description	Unit	VP600 STD2	VP600 STD3
Item no.		41600805	107412045
